

# 30 Stockton and 45 Union/Stockton Trolley Coaches to Be Rerouted

## Project Description

The San Francisco Municipal Transportation Agency (SFMTA) will reroute the Muni 30 Stockton and the 45 Union/Stockton trolley coaches, which travel the same route in the area, in early 2012.

The rerouting of the trolley coaches down Mason and 5th streets will be in effect for the duration of construction around Union Square and will ease traffic congestion and minimize delays to the trolley coaches.

This new route will begin south of the Stockton Street tunnel with a right turn onto Sutter Street followed by a left turn onto Mason Street and continuing south on 5th Street and then turning left on Townsend Street.

The reroute is expected to begin in early 2012. Detailed information will be provided in advance of the reroute.
